- To work in partnership with Early Years Services in the community such as Children's Centres and Early Years settings.
- To support Infant feeding and parent infant relationships by adhering to the Baby Friendly Initiative Standards
- To complete the Family Health Needs assessment for allocated mandated reviews and update the SCPHN (Health Visitor) with any areas of concern.

- To provide support to families using the Solihull Foundation Approach model and Five to Thrive trauma-informed practice in behavioural management, parenting skills and in the delivery of programmes of care to vulnerable families as identified by the SCPHN Health Visitor.
- To provide ongoing support and intervention to allocated families and updating the SCPHN health visitor when significant changes occur.
- To be fully aware and understand local and National safeguarding policy.
- To work with families where they are identified as requiring early help and where an Early Support Assessment is in place or reach the threshold of Child in Need. This is under the direct supervision of the SCPHN health visitor.
- To undertake work as allocated by the SCPHN Health Visitor, including support to families on a Child Protection Plan.
- To undertake Looked After Child Assessments as required and offer ongoing support to allocated families under the direct supervision of the SCPHN Health Visitor.
- To participate in the Healthy Child, Drop-In sessions.
- To facilitate groups within the Drop ins, or on the virtual platform.
- To support the wider team with the delivery of targeted interventions and/or support bundles
- To provide care that is evidence based
- To maintain accurate, contemporaneous, comprehensive records of care.
- To participate in management, safeguarding and clinical supervision.
- To participate in the appraisal process taking a proactive approach to own personal development and training needs.
- To act as a mentor for pre-registration nursing students

## Our values

Our values are our moral compass and core to our DNA. They underpin the way we deliver our services and treat those who use our services.

To many organisations values are just words which don't translate into reality of the day to day but our values flow through everything that we do, they define who we are, what we stand for and set the expectations of our colleagues, communities, customers, and partners. They have been defined by our colleagues and have been integral to our journey so far and will be integral to our future as well.

We have three values which help us stand out from the crowd, not just because there's only three, but because they are unique to who we are. We care, we think, and we do.

### Care

- Inspire
- Understand
- Communicate

### Think

- Challenge
- Improve
- Learn

### Do

- Accountability
- Involve
- Resilience

## Confidentiality and Information Security

As our employee you will be required to uphold the confidentiality of all records held by the company, whether patients/service records or corporate information. This duty lasts indefinitely and will continue after you leave the company's employment.

All information which identifies living individuals in whatever form (paper/pictures, electronic data/images, or voice) is covered by the 1998 Data Protection Act and should be managed in accordance with this legislation. This and all other information must be held in line with NHS national standards including the Records Management: NHS Code of Practice, NHS Constitution and HSCIC Code of Practice on Confidential Information and should only be accessed or disclosed lawfully. Monitoring of compliance will be undertaken by the Company. Failure to adhere to Information Governance policies and procedures may result in disciplinary action and, where applicable, criminal prosecution.

## Governance

Clinical governance is a framework through which organisations delivering health and care services are accountable to continuously improving the quality of their services and safeguarding high standards of care by creating an environment in which clinical and other forms of care flourishes. Employees must be aware that clinical governance places a duty on all staff to ensure that the level of care services they deliver to patients is safe and high quality, and that they follow/comply with our policies and procedures.

## Registered Health Professional

All staff who are a member of a professional body must comply with standards of professional practice/conduct. It is the post holder's responsibility to ensure they are both familiar with and adhere to these requirements.

## Risk Management/Health & Safety

The post holder has a responsibility to themselves and others in relation to managing risk, health and safety and will be required to work within the policies and procedures laid down by the company. Staff are required to observe the Hygiene Code and demonstrate good infection control and hand hygiene.

Employees must be aware of the responsibilities placed on them by the Health & Safety at Work Act (1974) to ensure that the agreed safety procedures are carried out to maintain a safe environment for other employees, patients, and visitors. It is essential to observe strict fire and security precautions at all times.

All staff must report accidents, incidents and near misses so that the company can learn from them and improve safety.

## Safeguarding Children and Vulnerable Adults Responsibility

We are committed to safeguarding and promoting the welfare of children and adults at risk of harm and expects all employees to share this commitment.

## Medicines Management Responsibility

### **Nursing or registered healthcare professionals**

Undertake all aspects of medicines management related activities in accordance with the company's medicines policies to ensure the safe, legal, and appropriate use of medicines.

### **Skilled non-registered staff**
