

We are seeking a motivated and caring Occupational Therapist to join our inpatient rehabilitation team at St Martin's Hospital in Bath. You will play a crucial role in providing a patient-centred occupational therapy service working closely with our dedicated MDT colleagues to provide safe and effective rehabilitation and supportive discharge planning. We operate a 29 bedded unit with dedicated stroke rehabilitation beds.

We require someone with a blend of practical experience and training in working with older people facing a range of physical, cognitive difficulties, and stroke-specific conditions.

This role is based at St Martin's Hospital in Bath and is a fixed-term contract for maternity cover.

### **Key Responsibilities:**

- Provide holistic OT services for clients of varying ages.
- Carry out comprehensive assessments and devise individualised intervention plans.
- Work in partnership with patients, carers, and multi-disciplinary teams.
- Maintain clear communication within the team and with external agencies.
- Maintain a high standard of clinical intervention and professional development.
- Provide supervision and training for junior staff.

### **The Ideal Candidate:**

- Qualification in Occupational Therapy and Registration on the Health and Care Professions Council register.
- Strong interest in rehabilitation and excellent communication and organisational skills.
- Experience in working with older individuals with physical, cognitive, and psychosocial issues.
- Effective team working and communication skills.
- Previous experience working with stroke survivors.
- **Full driving license and access to a vehicle for work.**

If you are passionate about making a difference in the lives of our patients, please apply!
