

Job Title:	Flow Discharge Coordinator
Reports to (job title):	Flow Discharge Coordinator Team Leader
Line Manager to:	

Job purpose

Working as part of BaNES Care Coordination Centres Flow Team you will be part of a small team of coordinators to provide exceptional, consistency levels of service support discharges from acute and community hospitals into community services. Working closely with nurses, therapists, social workers and other members of the multi-disciplinary team (MDT) you will ensure the discharge process is timely and communication is maintained as to where patients are in their discharge journey. The role is ensuring in ensuring accurate and update records are maintained to provide information relation to discharge activity demand and capacity. Flow Discharge Coordinators are central in ensure patients and family are kept up to date in regard to the expected discharge pathway

Base

Based at Community Hospitals Paulton and St Martins although there may be occasions to travel to the Royal United Hospital Bath or Care Coordination Centre at Peasedown St John as required.

Key responsibilities

- To work as part of the MDT maintaining responsibility for good communication between all services involved in discharge, driving safe and timely discharge by ensuring all administration work is completed proactively.
- Ensure people using our services are aware of the discharge process and pathways and expected timeframe for discharge providing and overview of reasons discharges can be delayed and the role of the Flow team in supporting discharges.
- Visit patients on wards ensuring they are kept up to date with discharge delays.

Job Description

- Attend Huddles and MDT meetings recording actions taken and discharge readiness on the clinical system.
- Attend professional and family meetings recording minutes on relevant paperwork.
- Monitor predicted dates of discharge and pathways for all patients at Community Hospital ensuring patients are registered on the clinical system.
- Alert all predicted discharge dates to the team to allow planning and required actions are taken at the earliest opportunity.
- Use multiple electronic systems effectively to ensure discharges are timely avoiding process delays following Care Coordination Flow Team SOPs and processes.
- Assist in identifying patients who discharge may be complex and alert the Team Leader
- Maintain excellent communication with the members of MDT, system partners and commissioners.
 - Ensure that actions are documented in the patients record particularly with regards to discharge arrangements.
- Act as a link between the team based at the acute hospital and Peasedown St John to ensure timely transfer of information.
- Ensure all appropriate referrals have been completed prior to discharge and escalate to the MDT when these haven't been completed.
- To collect data and maintain reports as required.
- Ensure MDT is made aware of predicted discharges daily.
- Ensure any relevant leaflets regarding patient care are provided to patients, family or carers
- Answer telephone and relay messages accurately, respectfully and competently
- Provide administrative support for your team, and wider by acting as a resource regarding services available and referral processes.
- Support induction of new staff and clinical team.
- Keep up to date with mandatory training.

Our values

Our values are our moral compass and core to our DNA. They underpin the way we deliver our services and treat those who use our services.

To many organisations values are just words which don't translate into reality of the day to day but our values flow through everything that we do, they define who we are, what we stand for and set the expectations of our colleagues, communities, customers and partners. They have been defined by our colleagues and have been integral to our journey so far and will be integral to our future as well.

We have three values which help us stand out from the crowd, not just because there's only three, but because they are unique to who we are. We care, we think, and we do.

Care	Think	Do
• Inspire • Understand • Communicate	• Challenge • Improve • Learn	• Accountability • Involve • Resilience

Confidentiality and Information Security

As our employee you will be required to uphold the confidentiality of all records held by the company, whether patients/service records or corporate information. This duty lasts indefinitely and will continue after you leave the company's employment.

All information which identifies living individuals in whatever form (paper/pictures, electronic data/images or voice) is covered by the 2018 Data Protection Act and should be managed in accordance with this legislation. This and all other information must be held in line with NHS national standards including the Records Management: NHS Code of Practice , NHS Constitution and HSCIC Code of Practice on Confidential Information and should only be accessed or disclosed lawfully. Monitoring of compliance will be undertaken by the Company. Failure to adhere to Information Governance policies and procedures may result in disciplinary action and, where applicable, criminal prosecution.

Information governance responsibilities

You are responsible for the following key aspects of Information Governance (not an exhaustive list):

- Completion of annual information governance training
- Reading applicable policies and procedures
- Understanding key responsibilities outlined in the Information Governance acceptable usage policies and procedures including NHS mandated encryption requirements
- Ensuring the security and confidentiality of all records and personal information assets
- Maintaining timely and accurate record keeping and where appropriate, in accordance with professional guidelines
- Only using email accounts authorised by us. These should be used in accordance with the Sending and Transferring Information Securely Procedures and Acceptable Use Policies.

- Reporting information governance incidents and near misses on CIRIS or to the appropriate person e.g. line manager, Head of Information Governance, Information Security Lead
- Adherence to the clear desk/screen policy
- Only using approved equipment for conducting business

Governance

Clinical governance is a framework through which organisations delivering health and care services are accountable to continuously improving the quality of their services and safeguarding high standards of care by creating an environment in which clinical and other forms of care flourishes. Employees must be aware that clinical governance places a duty on all staff to ensure that the level of care services they deliver to patients is safe and high quality, and that they follow/comply with our policies and procedures.

Registered Health Professional

All staff who are a member of a professional body must comply with standards of professional practice/conduct. It is the post holder's responsibility to ensure they are both familiar with and adhere to these requirements.

Risk Management/Health & Safety

The post holder has a responsibility to themselves and others in relation to managing risk, health and safety and will be required to work within the policies and procedures laid down by the company. Staff are required to observe the Hygiene Code and demonstrate good infection control and hand hygiene.

Employees must be aware of the responsibilities placed on them by the Health & Safety at Work Act (1974) to ensure that the agreed safety procedures are carried out to maintain a safe environment for other employees, patients and visitors. It is essential to observe strict fire and security precautions at all times.

All staff must report accidents, incidents and near misses so that the company can learn from them and improve safety.

Safeguarding Children and Vulnerable Adults Responsibility

We are committed to safeguarding and promoting the welfare of children and adults at risk of harm and expects all employees to share this commitment.

Medicines Management Responsibility

Nursing or registered healthcare professionals

Undertake all aspects of medicines management related activities in accordance within the company's medicines policies to ensure the safe, legal and appropriate use of medicines.

Skilled non-registered staff

Undertake all aspects of medicines management related activities in accordance with the company's medicines policy where appropriate training has been given and competencies have been achieved.

Policies and Procedures

All colleagues must comply with the Company Policies and Procedures which can be found on the company intranet.

General

We are committed to serving our community. We aim to make our services exemplary in both clinical and operational aspects. We will show leadership in identifying healthcare needs to which we can respond and in determining the most cost-effective way of doing so.

We recruit competent staff that we support in maintaining and extending their skills in accordance with the needs of the people we serve. We will recognise the commitment from our staff to meeting the needs of our patients.

The company recognises a “non-smoking” policy. Employees are not able to smoke anywhere within the premises or when outside on official business.

Equal Opportunities

It is the company's intention to be an employer of choice and ensure that no job applicants or employees are unfairly disadvantaged on the grounds of gender, disability, race, ethnic origin, colour, age, sexual orientation, religion or belief, trade union membership or any other factors that are not relevant to their capability or potential. To this end, the company has an Equality and Diversity policy and it is the responsibility of each employee to contribute to its success.

Flexibility Statement

This job description is not exhaustive and may change as the post develops or changes to align with service needs. Any such changes will be discussed directly between the post holder and their line manager.
