

Job Title:	End of Life Rapid Response Healthcare Support Worker
Reports to (job title):	End of Life Rapid Response Team Leader
Line Manager to:	

Job purpose

Our service ensures end-of-life patients are able to be cared for in their own homes, 365 days of the year. This role is within the End of Life Rapid Response Team, part of the multi-professional community nursing team, providing holistic support, personal care, and treatment to individuals who chose to die at home.

Base

Community Health Services Hub

This post is responsible for

Key responsibilities

1. To work within a team which provides personal care, nursing care and support to patients who want to die at home.
2. To facilitate and expedite hospital discharge for End of Life patients by offering personal care at home.
3. To provide treatment as delegated by a registered practitioner and following an appropriate care plan.
4. To keep the patient at the centre of his or her care, ensuring patient and carer participation in decision making.
5. To undertake the daily personal care and support of delegated patients.
6. Deliver treatment/care within a community setting as specified in a written care plan, under the guidance of a registered practitioner.
7. To practice the principles and philosophy of individualised patient care in accordance with policy, procedures and regulatory body's guidelines.
8. To avoid hospital admission wherever possible, and reduce inpatient length of stay, to ensure that patients receive appropriate care in the most appropriate setting.
9. To be proficient in the use of an electronic patient record system, have excellent communication and documentation skills that are clear, concise and accurate.
10. To work independently within the community setting, visiting patients within their own homes.
11. To be aware of those patients whose health maybe deteriorating, and escalate appropriately.

Patient Care

1. Responsible for the day to day care of patients including monitoring.
2. Support the taking of medication under the authorisation of the qualified practitioner.
3. Undertake specific tasks as delegated.
4. Maintain good knowledge of infection control, to reduce risk of health care acquired infections.
5. Assist registered nurses as directed, referring back for guidance if necessary.
6. Ensure the needs and wishes of patients are documented.
7. Obtain consent for any treatment undertaken.
8. Enable patients to reach their optimum level of independence.

9. Meet a range of patient and carer needs in order to prevent hospital admission or reduce length of stay. This may include clinical tasks relating to physiological function, mental function or personal and domestic activities of daily living.
10. Support terminally ill patients and their carers/relatives ensuring that their psychosocial and spiritual needs are addressed.
11. Communicate with individuals about routine and daily activities, including overcoming difficulties such as hearing/language.
12. Escalate concerns to the registered nurse in a timely way, ensuring the safety of patients at all times.

Other Factors

1. The role will involve dealing with distressed patients on a regular basis.
2. Regular VDU usage will be expected.
3. The role will require the ability to concentrate on complex/demanding tasks for protracted periods.
4. The role will require the individual to operate alone with patients on a frequent basis.

Our values

Our values are our moral compass and core to our DNA. They underpin the way we deliver our services and treat those who use our services.

To many organisations values are just words which don't translate into reality of the day to day but our values flow through everything that we do, they define who we are, what we stand for and set the expectations of our colleagues, communities, customers and partners. They have been defined by our colleagues and have been integral to our journey so far and will be integral to our future as well.

We have three values which help us stand out from the crowd, not just because there's only three, but because they are unique to who we are. We care, we think, and we do.

Care

- Inspire
- Understand
- Communicate

Think

- Challenge
- Improve
- Learn

Do

- Accountability
- Involve
- Resilience

Confidentiality and Information Security

As our employee you will be required to uphold the confidentiality of all records held by the company, whether patients/service records or corporate information. This duty lasts indefinitely and will continue after you leave the company's employment.

All information which identifies living individuals in whatever form (paper/pictures, electronic data/images or voice) is covered by the 2018 Data Protection Act and should be managed in accordance with this legislation. This and all other information must be held in line with NHS national standards including the Records Management: NHS Code of Practice, NHS Constitution and HSCIC Code of Practice on Confidential Information and should only be accessed or disclosed lawfully. Monitoring of compliance will be undertaken by the Company. Failure to adhere to Information Governance policies and procedures may result in disciplinary action and, where applicable, criminal prosecution.

Information governance responsibilities

You are responsible for the following key aspects of Information Governance (not an exhaustive list):

- Completion of annual information governance training
- Reading applicable policies and procedures
- Understanding key responsibilities outlined in the Information Governance acceptable usage policies and procedures including NHS mandated encryption requirements
- Ensuring the security and confidentiality of all records and personal information assets
- Maintaining timely and accurate record keeping and where appropriate, in accordance with professional guidelines
- Only using email accounts authorised by us. These should be used in accordance with the Sending and Transferring Information Securely Procedures and Acceptable Use Policies.
- Reporting information governance incidents and near misses on CIRIS or to the appropriate person e.g. line manager, Head of Information Governance, Information Security Lead
- Adherence to the clear desk/screen policy
- Only using approved equipment for conducting business

Governance

Clinical governance is a framework through which organisations delivering health and care services are accountable to continuously improving the quality of their services and safeguarding high standards of care by creating an environment in which clinical and other forms of care flourishes. Employees must be aware that clinical governance places a duty on all staff to ensure that the level of care services they deliver to patients is safe and high quality, and that they follow/comply with our policies and procedures.

Registered Health Professional

All staff who are a member of a professional body must comply with standards of professional practice/conduct. It is the post holder's responsibility to ensure they are both familiar with and adhere to these requirements.

Risk Management/Health & Safety

The post holder has a responsibility to themselves and others in relation to managing risk, health and safety and will be required to work within the policies and procedures laid down by the company. Staff are required to observe the Hygiene Code and demonstrate good infection control and hand hygiene.

Employees must be aware of the responsibilities placed on them by the Health & Safety at Work Act (1974) to ensure that the agreed safety procedures are carried out to maintain a safe environment for other employees, patients and visitors. It is essential to observe strict fire and security precautions at all times.

All staff must report accidents, incidents and near misses so that the company can learn from them and improve safety.

Safeguarding Children and Vulnerable Adults Responsibility

We are committed to safeguarding and promoting the welfare of children and adults at risk of harm and expects all employees to share this commitment.

Medicines Management Responsibility

Nursing or registered healthcare professionals

Undertake all aspects of medicines management related activities in accordance within the company's medicines policies to ensure the safe, legal and appropriate use of medicines.

Skilled non-registered staff

Undertake all aspects of medicines management related activities in accordance with the company's medicines policy where appropriate training has been given and competencies have been achieved.

Policies and Procedures

All colleagues must comply with the Company Policies and Procedures which can be found on the company intranet.

General

We are committed to serving our community. We aim to make our services exemplary in both clinical and operational aspects. We will show leadership in identifying healthcare needs to which we can respond and in determining the most cost-effective way of doing so.

We recruit competent staff that we support in maintaining and extending their skills in accordance with the needs of the people we serve. We will recognise the commitment from our staff to meeting the needs of our patients.

The company recognises a “non-smoking” policy. Employees are not able to smoke anywhere within the premises or when outside on official business.

Equal Opportunities

It is the company’s intention to be an employer of choice and ensure that no job applicants or employees are unfairly disadvantaged on the grounds of gender, disability, race, ethnic origin, colour, age, sexual orientation, religion or belief, trade union membership or any other factors that are not relevant to their capability or potential. To this end, the company has an Equality and Diversity policy and it is the responsibility of each employee to contribute to its success.

Flexibility Statement

This job description is not exhaustive and may change as the post develops or changes to align with service needs. Any such changes will be discussed directly between the post holder and their line manager.

Personal Specification

Essential

- Good general education.
- NVQ Level 3 in Health Care – or willingness to achieve.
- Care Certificate – or willingness to achieve.
- Food Hygiene Certificate – or willingness to achieve.
- Previous experience in providing personal care is essential.
- Experience of supporting other workers.
- Able to work independently under the delegation of the Registered Nurse
- Ability to work as a team member.
- Delivering patient focused care.
- Ability to recognise own limitations.
- Typing/data inputting skills.
- Physical skills to manually handle patients and use appropriate lifting aids.
- Willing to work in other areas of Swindon Community Services as and when required.
- Self-motivated.
- Good time management.
- Full driving license with Business insurance and use of a car during working hours

Desirable

- Experience of community working
- Experience of the NHS
- Basic wound care
- Experience of Aseptic Non Touch Techniques and an awareness of infection control procedures
